Positive School Culture

Positive school culture requires a compelling and aligned vision, mission, goals, and values, explicit behavioral expectations and management system, proactive and responsive student support services, and involved families and community.

Essential Action:

3.1 Compelling and aligned vision, mission, goals, values focused on a safe environment and high expectations

- Stakeholders are engaged in creating and continually refining the campus' mission, vision, and values.
- Campus practices and policies demonstrate high expectations and shared ownership for student success, with a drive towards college and career readiness and postsecondary success.
- Staff members share a common understanding of the mission, vision, and values in practice and can explain how they are present in the daily life of the school.
- Regular campus climate surveys assess and measure progress on student and staff experiences.
